

New Thinking on Zippers

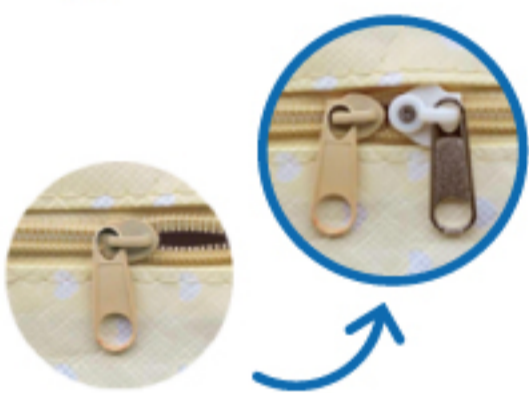

Can I just replace a broken slider?

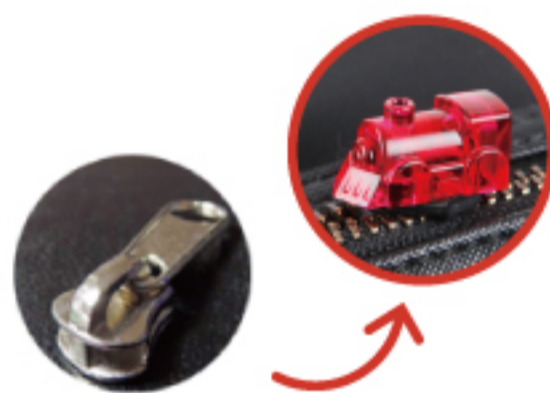

Are there any bright and light sliders instead of dark and heavy metals?

Can I add one more zipper slider?

Can I express my zipper slider distinctively?

Self-assembly zipper slider kit easy to insert. Try this!

For shoes, bags, clothes, tents, golf bags, bags for fishing, backpacks and more!

Easy to insert without removing stitches

SELF-ASSEMBLY ZIPPER SLIDER

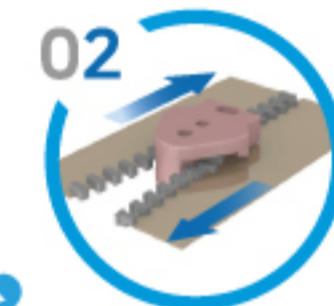

Zippy56

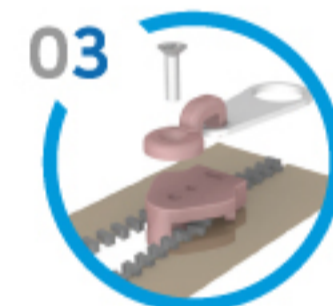

How to assemble the zipper slider kit

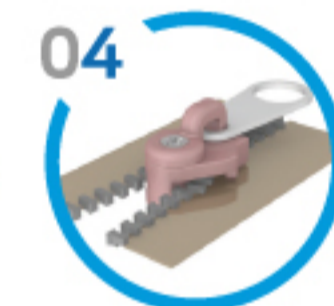

Place the slider parts above and below the zipper teeth.

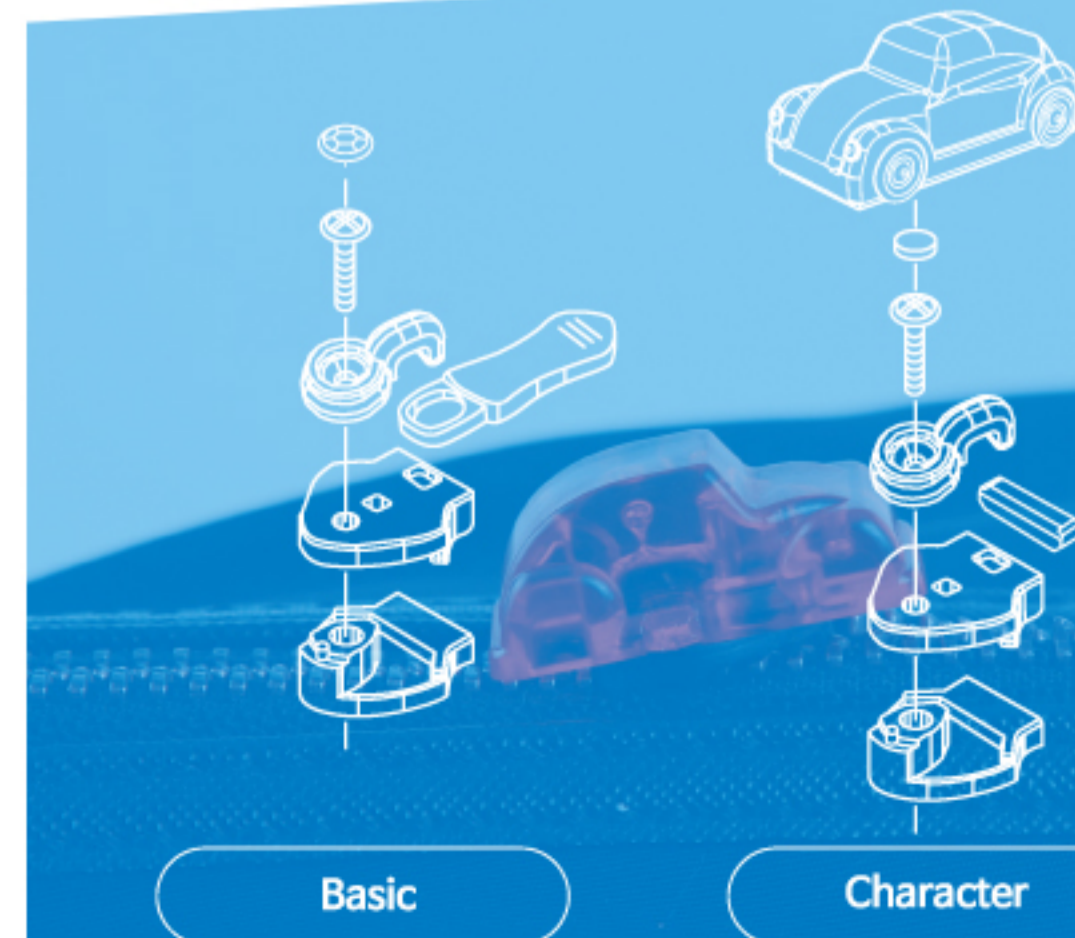

Move the zipper slider back and forth 2~3 times in order to place it in right position.

Place the pull tab on the crown and fasten it with a bolt.

Assembly completed.

Basic

Character

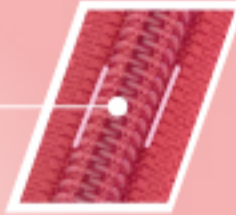

For Nylon Zipper

CF56

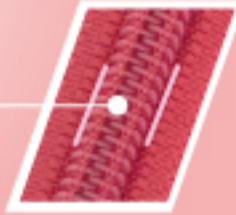

#5

Chain Width
6mm

#6

Chain Width
6.5mm

Use

Bags and clothes which Coil zippers (Nylon zippers) are applied.

Composition

2 kinds of upper parts (#5, #6), lower part, crown, bolt and pull tab

Material

PA, PC, SUS, Brass

Standard

#5 (For Chain Width 6mm), #6 (For Chain Width 6.5mm)

- CF56 has one lower part and two upper parts with different widths
- If it is difficult to know the chain width, assemble it with one of the upper part, and then replace it with the remaining upper part if there is a problem with its operation.
- When assemble is done, complete one zipper slider is made, not two.

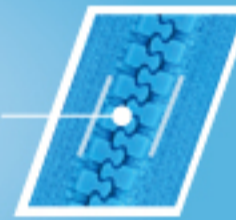

For Plastic Zipper

PF5

#5

Chain Width
6mm
